

Executive Summary

TAACCCT Job Placement and Follow-Up Performance Outcomes

Wednesday, 5/30/18

Moderator(s): [Cheryl Martin](#)

Speaker(s): [Scott Estrada](#), [Christian Lagarde](#)

Round 4 grantees approach the end of their grant, these final six months are meant for collecting, organizing and preparing the student outcome data for their final annual performance report (APR). Of all the TAACCCT performance outcomes, the thorniest to report can be the follow up outcomes B.7 (Further Education), B.8 (Employment), B.9 (Retained Employment) and B.10 (Incumbent Worker Wage Increase).

To help address this challenge, this webinar covered several different aspects of the TAACCCT performance follow up outcomes.

Agenda

- Reviewed the allowability of follow up tracking efforts in the final six months;
- Covered the reporting definitions of B.7, B.8, B.9 and B.10; and
- Offered programmatic strategies for participant follow up tracking.
